CAREER EXPERIENCES

A Place for Mediation-Mediator, 1993 & Arbitrator-Present

Managing a fully integrated practice of 10 mediators with a special focus on cross, inter, intra-cultural, organizational, family and civil mediation. Responsible for management and co-ordination of various services including mediation, arbitration, custody assessments, as well as my own full case load of clients for mediation with

specializations in three areas :- Personal Injury this area constitutes the largest percentage of my practice probably more than 60 %. The reason for this is that I am knowledgeable the SABS in fact I functioned in several capacities including treatment provider for several organizations as well as a DAC for Accident Injury Management (1998 -2000) determining the level of impairments suffered by persons involved in motor vehicle injuries. I have resolved matters in this area ranging from nuisance value up to \$660,000.00, part of the focus in my LLM was devoted to understanding various aspects of the insurance act, as such this is one of my specialty areas
In the area of family and child protection matters which occupies 20% of my time I have resolved literally hundreds of matters. In addition to this I have also provided the appropriate psychotherapeutic interventions to clients in need, I have worked with difficult clients for both privately and for several of the bigger agencies including CAS with parents experiencing difficulties with their mental health and its impact on their ability to provide the necessities of life and a safe environment for their children. In addition to this I have also worked with the CCAS in the rehabilitation of perpetrators and the reunification with their family. I have dealt with the entire spectrum of family ranging from rights, employment , divorce to death .
In addition to the above two areas I have a specialization in construction/ engineering and am one of the members of the professional engineers roster. I have worked with large complex mediations with numerous stake holders to small business contracts. After having completed in excess of four thousand mediations and have written several articles on mediation I am currently in addition to my full mediation practice completing a book on mediation.
